| August  | FINAL updated workplan containing the following elements

- Five Year Critical Path:
  - Work to be performed, timelines, deliverables and budget by task number based on confirmed project funding leading to Salinity-Nitrate Management Plan and Basin Plan Amendment language
  - Unfunded work (with estimated cost) that would improve the final product
  - Milestones to insure timely progress
  - Five-year funding plan
- Identify needs for long term implementation
  - Activities
  - Continuous funding mechanism
  - Integrated monitoring system | Tracking Policy projected December |
| September | Develop a process for coordinating with RWMG planning and implementation projects with a nexus with salt or nutrient management, and other ongoing efforts on salinity management | Outreach discussions |
| September | Identify administrative and technical program needs that could be met through in-kind services rather than financial contributions |                                      |
| June and December | Prepare semiannual (June and December) status reports on funding and progress toward completing work plan tasks | June Report in Preparation present at July Meeting |
| December | Contracts for completing tasks included in the 5-year workplan have been awarded or are developed and pending approval. |                                      |
