

LSJRC Action Items – January 23, 2014 monthly meeting

1. Obtain Task 1 deliverable (Excel file) and resend to the committee for review. Request comments on Task 1 – “Key Policy Questions” to be returned to LWA by January 31, for incorporation into rewrite and AGR Objectives Setting discussion.
2. Obtain reference, (Letey et al 2011 Evaluation of soil salinity leaching requirement guidelines), from matrix and forward to the committee.
3. Forward the WORD version of Task 2a Tech Memo to the LSJRC.
 - a. Request comments on the LWA Tech Memo for Task 2a to be returned to LWA by February 4, 2014. Please send comments to Mike Johnson (mjohnson@mlj-llc.com) for incorporation into the comments matrix and he will forward to Karen Ashby and the LWA team.
4. Nigel Quinn will talk with Debbie Liebersbach to explore access to more frequent data downloads from the stations in the TID to the WARMF database. Discussions will occur as Nigel’s time and resources allow.
5. Send any comments on the Task 4 (Implementation Analysis) matrix developed by the LWA team to Penny Carlo (pcarlo@carollo.com) (please CC Mike Johnson and Karen Ashby, mjohnson@mlj-llc.com, KarenA@lwa.com when submitting comments). Please include comments on format, current options, and any “missing” actions. These are preliminary comments and the LSJRC will be able to make further comments when the Tech Memo is submitted to the committee for review.
6. Develop request for questions to be sent to USBR in preparation for the February 6 RTM meeting. Please send questions to Mike Johnson (mjohnson@mlj-llc.com).
7. M. Johnson to propose to the Co-Chairs additional dates for the March monthly meeting which will be placed on the February meeting agenda for discussion.
